

DECLARATION OF COMPLIANCE WITH REGULATION (EU) 2025/40 (PPWR)

Reference

European Regulation EU 2025/40: Regulation on packaging and packaging waste (PPWR)

Product Category

Electronic Components

Applicable packaging

Standardized transport packaging (including cardboard boxes, ESD-compliant cardboards, and antistatic bags)

Statement

AXTAL GmbH hereby declares that all transport and protective packaging used for the delivery and shipment of our electronic components complies with the essential requirements of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR). As an importer/distributor of standardized, non-customized catalog packaging material, our compliance is based on the following measures:

- **Supplier Compliance Verification:** We actively collect and archive the official Declarations of Compliance (DoC) from our packaging suppliers according to the obligations set out in Regulation (EU) 2025/40.
- **Material & Substance Restrictions:** Based on the technical documentation provided by our suppliers, the packaging materials do not exceed the legally binding thresholds for heavy metals and restricted substances.
- **Technical Documentation:** All supporting manufacturer certificates are stored within our quality management system and will be held available for national market surveillance authorities for a minimum period of 5 years.

The packaging used qualifies as commercial transport packaging for business-to-business (B2B) transactions. Registration is handled via the respective national register LUCID in Germany in accordance with extended producer responsibility (EPR) requirements.
