

CONFLICT MINERALS DECLARATION

DODD FRANK ACT SEC. 1502

We hereby confirm that **all products** supplied and manufactured by **AXTAL GmbH** do not contain any conflict minerals (tin, tantalum, tungsten and gold) which are sourced from mines of **Democratic Republic of Congo** or its adjoining countries.

We have undertaken an audit of the usage of conflict minerals for our products within our supply chain and have requested written declarations from all of our suppliers to ensure that conflict-free materials only are used in products supplied by AXTAL GmbH.

New supply chain members in future will also be audited to confirm that compliance is maintained and are instructed to provide a signed declaration.

An ongoing process has been implemented to ensure that conflict minerals do not enter the supply chain.

Mosbach, February 2023
